Re: The Strand – Northbound Carriageway Overnight Surfacing Works

**For the attention of The owner/occupier**

Dear Neighbour

I write to inform you that overnight surfacing works on the northbound side of The Strand will commence on **Sunday 1<sup>st</sup> August** with the expected completion on **Friday 20<sup>th</sup> August**. Works will be carried out each Sunday to Thursday between **7pm and 6am** between Leeds Street to the area adjacent to Liver Street. Diversion signs will be in place and the plan can be found overleaf.

The decision for these essential works to be completed overnight has been taken with the consideration to all road users and businesses in the area and follows the success of the overnight surfacing on the southbound carriageway. Full consultation and agreement have been made with of Liverpool City Council and the emergency services.

**Northbound Side Roads:**

Side road surfacing will commence on **15<sup>th</sup> August** for a duration of **1 week**. The side roads, include Water Street, Brunswick Street, Georges Dockway and Mann Island. The side roads will be closed during the day and night with access by arrangement only for residents, deliveries, and businesses. The road closure plan can be found on page 3.

Noise is to be expected throughout, but to mitigate against the noisiest operations such as planing and breaking of the existing surface we will endeavour to complete these operations before 1am. However please note, that the actual surface laying with paver, lorries and rollers is expected to continue throughout the night until 6am.

We apologise in advance for any inconvenience or disruption this may cause. The team would like to thank you for your continued support and patience.
